## **5. CLINICAL EXPERIENCE**

### **RESIDENCY**

I completed my postgraduate training in Obstetrics and Gynecology under the esteemed guidance of **Dr. Seetesh Ghose (MBBS, MD, FICOG, FIMSA)**, Professor and Head of the Department at **Mahatma Gandhi Medical College and Research Institute**, Sri Balaji Vidyapeeth University, Puducherry.

Dr. Ghose is a distinguished academician and clinician, and it was an enriching experience to train under his mentorship. During my residency, the Department of Obstetrics and Gynecology conducted approximately **10,000 deliveries annually** and served as a **regional Perinatal Referral Unit**, managing a high volume of **high-risk obstetric cases**. This provided me with hands-on experience in both routine and complex obstetric care, as well as exposure to a wide range of gynecological surgeries and emergency situations.

As part of my elective posting, I pursued specialized training in **gynecologic oncology** at the prestigious **Adyar Cancer Institute (WIA), Chennai**, which deepened my understanding of oncological principles and surgical techniques in the management of female genital tract cancers

### **POST-RESIDENCY**

**Senior Registrar – Beams Hospital, Hyderabad**  
*Under the mentorship of Dr. Manjula Anagani*

June 2025

*Duration: 6 months*

I received hands-on training in general gynecology, advanced endoscopic surgery, and high-risk obstetrics. The experience significantly strengthened my surgical and decision-making skills in a high-volume, tertiary care environment.

**Fellowship in Gynecologic Endoscopy – Institute of Kidney Diseases & Research Centre (IKDRC-ITS), Ahmedabad, Gujarat**

*Under the guidance of Dr. Vineet Mishra*

*Duration: 2 years*

As a fellow, I was trained extensively in operative laparoscopy, hysteroscopy, and cystoscopy, gaining proficiency in complex procedures. The fellowship provided a strong academic and clinical foundation in minimally invasive gynecologic surgery.

**Senior Registrar – IKDRC-ITS, Ahmedabad, Gujarat**

*Under the guidance of Dr. Vineet Mishra*

*Duration: 1 year*

In this role, I was actively involved in the training of clinical fellows in gynecologic endoscopy. I contributed to the development of structured teaching modules on hysteroscopy, laparoscopy, and cystoscopy tailored for practicing gynecologists. Additionally, I participated in the organization and execution of live operative workshops, enhancing my teaching and leadership capabilities.

**Clinical Observer – Urogynaecology with Professor Ajay Rane**

*Townsville, Queensland, Australia*

*Duration: 6th May 2019 – 20th June 2019 (6 weeks)*

I had the privilege of observing and learning under the guidance of Professor Ajay Rane, an internationally renowned expert in Urogynaecology. During this observership, I deepened my understanding of pelvic floor surgery and continence care. Professor Rane also gave me the opportunity to assist and observe him at various conferences and operative workshops, which broadened my global perspective on urogynaecologic practice and education.

## **9. RESEARCH**

My MS thesis was on the Measurement of cervical biometry using transvaginal ultrasonography in predicting preterm labour. The research project was for a period of two and a half years, measuring cervical length in the second trimester and involving the delivery and fetal outcome. I was awarded the MS in OBGYN by the University of Sri Balaji Vidyapeeth in 2012.

My research project in IKDRC was on Universal intraoperative cystoscopy in major gynaecological surgeries. It was a prospective study for one year.

**Reviewed article** for the Indian Journal of Cardiovascular Diseases in Women. July 2020.
